Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are: Usage Data; Tracker; various types of Data; first name; last name; email address; payment info; billing address; username; country; Data communicated while using the service; device logs; device information; User ID; geography/region; date of birth; phone number; geographic position; password; language.

Complete details on each type of Personal Data collected are provided in the dedicated sections of this privacy policy or by specific explanation texts displayed prior to the Data collection.

Personal Data may be freely provided by the User, or, in case of Usage Data, collected automatically when using this Application. Unless specified otherwise, all Data requested by this Application is mandatory and failure to provide this Data may make it impossible for this Application to provide its services. In cases where this Application specifically states that some Data is not mandatory, Users are free not to communicate this Data without consequences to the availability or the functioning of the Service.

Users who are uncertain about which Personal Data is mandatory are welcome to contact the Owner.

Any use of Cookies – or of other tracking tools — by this Application or by the owners of third-party services used by this Application serves the purpose of providing the Service required by the User, in addition to any other purposes described in the present document and in the Cookie Policy.

Users are responsible for any third-party Personal Data obtained, published or shared through this Application.

Mode and place of processing the Data

Methods of processing

The Owner takes appropriate security measures to prevent unauthorized access, disclosure, modification, or unauthorized destruction of the Data.

The Data processing is carried out using computers and/or IT enabled tools, following organizational procedures and modes strictly related to the purposes indicated. In addition to the Owner, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of this Application (administration, sales, marketing, legal, system administration) or external parties (such as third-party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Owner at any time.

Place

The Data is processed at the Owner's operating offices and in any other places where the parties involved in the processing are located.

Depending on the User's location, data transfers may involve transferring the User's Data to a country other than their own. To find out more about the place of processing of such transferred Data, Users can check the section containing details about the processing of Personal Data.

Retention time

Unless specified otherwise in this document, Personal Data shall be processed and stored for as long as required by the purpose they have been collected for and may be retained for longer due to applicable legal obligation or based on the Users' consent.

The purposes of processing

The Data concerning the User is collected to allow the Owner to provide its Service, comply with its legal obligations, respond to enforcement requests, protect its rights and interests (or those of its Users or third parties), detect any malicious or fraudulent activity, as well as the following: Analytics, Hosting and backend infrastructure, Registration and authentication, Handling payments, Displaying content from external platforms, Platform services and hosting, Beta Testing, Managing contacts and sending messages, Contacting the User, Tag Management, Social features, Managing support and contact requests, Interaction with external social networks and platforms, Location-based interactions, Registration and authentication provided directly by this Application, Data transfer outside the EU and Data transfer outside of the UK.

For specific information about the Personal Data used for each purpose, the User may refer to the section "Detailed information on the processing of Personal Data".

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

Analytics

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Unity Analytics (Unity Technologies ApS)

Unity Analytics is an analytics service provided by Unity Technologies ApS.

Personal Data processed: Usage Data; various types of Data as specified in the privacy policy of the service.

Place of processing: Denmark – [Privacy Policy](#).

Google Analytics (Universal Analytics)

Google Analytics (Universal Analytics) is a web analysis service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, ("Google"). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

In order to understand Google's use of Data, consult [Google's partner policy](#).

Personal Data processed: Tracker; Usage Data.

Place of processing: United States – [Privacy Policy](#) – [Opt Out](#); Ireland – [Privacy Policy](#) – [Opt Out](#).

Beta Testing

This type of service makes it possible to manage User access to this Application, or parts of it, for the purpose of testing a certain feature or the entire Application.

The service provider may automatically collect data related to crashes and statistics related to the User's use of this Application in a personally identifiable form.

Google Play Beta Testing

Google Play Beta Testing is a beta testing service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing.

Personal Data processed: country; Data communicated while using the service; device information; device logs; email address; first name; last name; username; various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Contacting the User

Mailing list or newsletter (this Application)

By registering on the mailing list or for the newsletter, the User's email address will be added to the contact list of those who may receive email messages containing information of commercial or promotional nature concerning this Application. Your email address might also be added to this list as a result of signing up to this Application or after making a purchase.

Personal Data processed: country; date of birth; email address; last name.

Contact form (this Application)

By filling in the contact form with their Data, the User authorizes this Application to use these details to reply to requests for information, quotes or any other kind of request as indicated by the form's header.

Personal Data processed: country; email address; first name; last name; phone number; User ID; various types of Data.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of this Application and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Google Fonts

Google Fonts is a typeface visualization service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Tracker; Usage Data.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Handling payments

Unless otherwise specified, this Application processes any payments by credit card, bank transfer or other means via external payment service providers. In general and unless where otherwise stated, Users are requested to provide their payment details and personal information directly to such payment service providers. This Application isn't involved in the collection and processing of such information: instead, it will only receive a notification by the relevant payment service provider as to whether payment has been successfully completed.

Google Pay

Google Pay is a payment service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, which allows users to make online payments using their Google credentials.

Personal Data processed: billing address; email address; first name; last name; payment info; various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Apple Pay (Apple Inc.)

Apple Pay is a payment service provided by Apple Inc., which allows Users to make payments using their mobile phones.

Personal Data processed: billing address; email address; first name; last name; payment info; various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

Payments processed via the Apple App Store (Apple Inc.)

This Application uses a payment service provided by Apple Inc. that allows the Owner to offer the purchase of the app itself or in-app purchases.

Personal Data processed to complete the purchases are processed by Apple, as described in the [privacy policy for the App Store](#).

Personal Data processed: billing address; device information; email address; first name; last name; payment info; username.

Place of processing: United States – [Privacy Policy](#).

Android Pay

Android Pay is a payment service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, which allows Users to make payments using their mobile phones.

Personal Data processed: billing address; email address; last name; payment info.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Payments processed via the Google Play Store

This Application uses a payment service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, that allows the Owner to offer the purchase of the app itself or in-app purchases.

Personal Data processed to complete the purchases are processed by Google, as described in the [privacy policy for the Google Play store](#).

Personal Data processed: billing address; email address; last name; payment info.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Hosting and backend infrastructure

This type of service has the purpose of hosting Data and files that enable this Application to run and be distributed as well as to provide a ready-made infrastructure to run specific features or parts of this Application.

Some services among those listed below, if any, may work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Microsoft Azure (Microsoft Corporation)

Microsoft Azure is a hosting service provided by Microsoft Corporation.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

Interaction with external social networks and platforms

This type of service allows interaction with social networks or other external platforms directly from the pages of this Application.

The interaction and information obtained through this Application are always subject to the User's privacy settings for each social network.

This type of service might still collect traffic data for the pages where the service is installed, even when Users do not use it.

It is recommended to log out from the respective services in order to make sure that the processed data on this Application isn't being connected back to the User's profile.

Facebook Like button and social widgets

The Facebook Like button and social widgets are services allowing interaction with the Facebook social network provided by Facebook, Inc. or by Facebook Ireland Ltd, depending on how the Owner manages the Data processing,

Personal Data processed: Tracker; Usage Data.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Location-based interactions

Non-continuous geolocation (this Application)

This Application may collect, use, and share User location Data in order to provide location-based services.

Most browsers and devices provide tools to opt out from this feature by default. If explicit authorization has been provided, the User's location data may be tracked by this Application.

The geographic location of the User is determined in a manner that isn't continuous, either at the specific request of the User or when the User doesn't point out its current location in the appropriate field and allows the application to detect the position automatically.

Personal Data processed: geographic position.

Managing contacts and sending messages

This type of service makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.

These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

Firestore Cloud Messaging

Firestore Cloud Messaging is a message sending service provided by Google Ireland Limited or by Google LLC, depending on how the Owner manages the Data processing. Firestore Cloud Messaging allows the Owner to send messages and notifications to Users across platforms such as Android, iOS, and the web. Messages can be sent to single devices, groups of devices, or specific topics or User segments.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Mailchimp (The Rocket Science Group LLC)

Mailchimp is an email address management and message sending service provided by The Rocket Science Group LLC.

Personal Data processed: country; date of birth; email address; first name; last name; various types of Data.

Place of processing: United States – [Privacy Policy](#).

Managing support and contact requests

This type of service allows this Application to manage support and contact requests received via email or by other means, such as the contact form.

The Personal Data processed depend on the information provided by the User in the messages and the means used for communication (e.g. email address).

Zendesk (Zendesk, Inc.)

Zendesk is a support and contact request management service provided by Zendesk Inc.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

Platform services and hosting

These services have the purpose of hosting and running key components of this Application, therefore allowing the provision of this Application from within a unified platform. Such platforms provide a wide range of tools to the Owner – e.g. analytics, user registration, commenting, database management, e-commerce, payment processing – that imply the collection and handling of Personal Data.

Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Google Play Store

This Application is distributed on the Google Play Store, a platform for the distribution of mobile apps, provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing.

By virtue of being distributed via this app store, Google collects usage and diagnostics data and share aggregate information with the Owner. Much of this information is processed on an opt-in basis.

Users may opt-out of this analytics feature directly through their device settings. More information on how to manage analysis settings can be found on [this page](#).

Personal Data processed: Usage Data.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Apple App Store (Apple Inc.)

This Application is distributed on Apple's App Store, a platform for the distribution of mobile apps, provided by Apple Inc.

By virtue of being distributed via this app store, Apple collects basic analytics and provides reporting features that enables the Owner to view usage analytics data and measure the performance of this Application. Much of this information is processed on an opt-in basis.

Users may opt-out of this analytics feature directly through their device settings. More information on how to manage analysis settings can be found on [this page](#).

Personal Data processed: Usage Data.

Place of processing: United States – [Privacy Policy](#).

Registration and authentication

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third-party services, for registration or identification purposes. Some of the services listed below may also collect Personal Data for targeting and profiling purposes; to find out more, please refer to the description of each service.

Facebook OAuth

Facebook OAuth is a registration and authentication service provided by Facebook, Inc. or by Facebook Ireland Ltd, depending on how the Owner manages the Data processing, and is connected to the Facebook social network.

Personal Data processed: Tracker; various types of Data.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Google OAuth

Google OAuth is a registration and authentication service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, and is connected to the Google network.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

Sign in with Apple (Apple Inc.)

Sign in with Apple is a registration and authentication service provided by Apple Inc. In cases where Users are required to provide their email address, Sign in with Apple may generate a private relay address on behalf of Users that automatically forwards messages to their verified personal email account - therefore shielding their actual email address from the Owner.

Personal Data processed: country; email address; first name; geography/region; last name; User ID.

Place of processing: United States – [Privacy Policy](#).

Registration and authentication provided directly by this Application

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. The Personal Data is collected and stored for registration or identification purposes only. The Data collected are only those necessary for the provision of the service requested by the Users.

Direct registration (this Application)

The User registers by filling out the registration form and providing the Personal Data directly to this Application.

Personal Data processed: date of birth; email address; first name; language; last name; password; User ID; username; various types of Data.

Social features

Inviting and suggesting friends (this Application)

This Application may use the Personal Data provided to allow Users to invite their friends - for example through the address book, if access has been provided - and to suggest friends or connections inside it.

Personal Data processed: various types of Data.

Tag Management

This type of service helps the Owner to manage the tags or scripts needed on this Application in a centralized fashion. This results in the Users' Data flowing through these services, potentially resulting in the retention of this Data.

Segment (Segment Inc.)

Segment is a tag management service provided by Segment.io, Inc.

Personal Data processed: Tracker; Usage Data.

Place of processing: United States – [Privacy Policy](#).

Further information about the processing of Personal Data

Push notifications for direct marketing

This Application may send push notifications to the User for the purpose of direct marketing (to propose services and products provided by third parties or unrelated to the product or service provided by this Application).

Users may in most cases opt-out of receiving push notifications by visiting their device settings, such as the notification settings for mobile phones, and then changing those settings for this Application or all of the apps on the particular device.

Users must be aware that disabling push notifications may negatively affect the utility of this Application.

Besides applicable device settings, the User may also make use of the rights described under User rights in the relevant section of this privacy policy.

Automated decision-making

Automated decision-making means that a decision which is likely to have legal effects or similarly significant effects on the User, is taken solely by technological means, without any human intervention. This Application may use the User's Personal Data to make decisions entirely or partially based on automated processes according to the purposes outlined in this document. This Application adopts automated decision-making processes as far as necessary to enter into or perform a contract between User and Owner, or on the basis of the User's explicit consent, where such consent is required by the law.

Automated decisions are made by technological means – mostly based on algorithms subject to predefined criteria – which may also be provided by third parties.

The rationale behind the automated decision making is:

- to enable or otherwise improve the decision-making process;
- to grant Users fair and unbiased treatment based on consistent and uniform criteria;
- to reduce the potential harm derived from human error, personal bias and the like which may potentially lead to discrimination or imbalance in the treatment of individuals etc.;
- to reduce the risk of User's failure to meet their obligation under a contract. To find out more about the purposes, the third-party services, if any, and any specific rationale for automated decisions used within this Application, Users can check the relevant sections in this document.

Consequences of automated decision-making processes for Users and rights of Users subjected to it

As a consequence, Users subject to such processing, are entitled to exercise specific rights aimed at preventing or otherwise limiting the potential effects of the automated decisions taken.

In particular, Users have the right to:

- obtain an explanation about any decision taken as a result of automated decision-making and express their point of view regarding this decision;
- challenge a decision by asking the Owner to reconsider it or take a new decision on a different basis;
- request and obtain from the Owner human intervention on such processing.

To learn more about the User's rights and the means to exercise them, the User is invited to consult the section of this document relating to the rights of the User.

Push notifications

This Application may send push notifications to the User to achieve the purposes outlined in this privacy policy.

Users may in most cases opt-out of receiving push notifications by visiting their device settings, such as the notification settings for mobile phones, and then change those settings for this Application, some or all of the apps on the particular device. Users must be aware that disabling push notifications may negatively affect the utility of this Application.

Cookie Policy

This Application uses Trackers. To learn more, Users may consult the [Cookie Policy](#).

Further Information for Users

Legal basis of processing

The Owner may process Personal Data relating to Users if one of the following applies:

- Users have given their consent for one or more specific purposes.
- provision of Data is necessary for the performance of an agreement with the User and/or for any pre-contractual obligations thereof;
- processing is necessary for compliance with a legal obligation to which the Owner is subject;
- processing is related to a task that is carried out in the public interest or in the exercise of official authority vested in the Owner;
- processing is necessary for the purposes of the legitimate interests pursued by the Owner or by a third party.

In any case, the Owner will gladly help to clarify the specific legal basis that applies to the processing, and in particular whether the provision of Personal Data is a statutory or contractual requirement, or a requirement necessary to enter into a contract.

Further information about retention time

Unless specified otherwise in this document, Personal Data shall be processed and stored for as long as required by the purpose they have been collected for and may be retained for longer due to applicable legal obligation or based on the Users' consent.

Therefore:

- Personal Data collected for purposes related to the performance of a contract between the Owner and the User shall be retained until such contract has been fully performed.
- Personal Data collected for the purposes of the Owner's legitimate interests shall be retained as long as needed to fulfill such purposes. Users may find specific information regarding the legitimate interests pursued by the Owner within the relevant sections of this document or by contacting the Owner.

The Owner may be allowed to retain Personal Data for a longer period whenever the User has given consent to such processing, as long as such consent is not withdrawn. Furthermore, the Owner may be obliged to retain Personal Data for a longer period whenever required to fulfil a legal obligation or upon order of an authority.

Once the retention period expires, Personal Data shall be deleted. Therefore, the right of access, the right to erasure, the right to rectification and the right to data portability cannot be enforced after expiration of the retention period.

The rights of Users based on the General Data Protection Regulation (GDPR)

Users may exercise certain rights regarding their Data processed by the Owner.

In particular, Users have the right to do the following, to the extent permitted by law:

- **Withdraw their consent at any time.** Users have the right to withdraw consent where they have previously given their consent to the processing of their Personal Data.
- **Object to processing of their Data.** Users have the right to object to the processing of their Data if the processing is carried out on a legal basis other than consent.
- **Access their Data.** Users have the right to learn if Data is being processed by the Owner, obtain disclosure regarding certain aspects of the processing and obtain a copy of the Data undergoing processing.
- **Verify and seek rectification.** Users have the right to verify the accuracy of their Data and ask for it to be updated or corrected.
- **Restrict the processing of their Data.** Users have the right to restrict the processing of their Data. In this case, the Owner will not process their Data for any purpose other than storing it.
- **Have their Personal Data deleted or otherwise removed.** Users have the right to obtain the erasure of their Data from the Owner.
- **Receive their Data and have it transferred to another controller.** Users have the right to receive their Data in a structured, commonly used and machine readable format and, if technically feasible, to have it transmitted to another

controller without any hindrance.

- **Lodge a complaint.** Users have the right to bring a claim before their competent data protection authority.

Users are also entitled to learn about the legal basis for Data transfers abroad including to any international organization governed by public international law or set up by two or more countries, such as the UN, and about the security measures taken by the Owner to safeguard their Data.

Details about the right to object to processing

Where Personal Data is processed for a public interest, in the exercise of an official authority vested in the Owner or for the purposes of the legitimate interests pursued by the Owner, Users may object to such processing by providing a ground related to their particular situation to justify the objection.

Users must know that, however, should their Personal Data be processed for direct marketing purposes, they can object to that processing at any time, free of charge and without providing any justification. Where the User objects to processing for direct marketing purposes, the Personal Data will no longer be processed for such purposes. To learn whether the Owner is processing Personal Data for direct marketing purposes, Users may refer to the relevant sections of this document.

How to exercise these rights

Any requests to exercise User rights can be directed to the Owner through the contact details provided in this document. Such requests are free of charge and will be answered by the Owner as early as possible and always within one month, providing Users with the information required by law. Any rectification or erasure of Personal Data or restriction of processing will be communicated by the Owner to each recipient, if any, to whom the Personal Data has been disclosed unless this proves impossible or involves disproportionate effort. At the Users' request, the Owner will inform them about those recipients.

Transfer of Personal Data outside of the European Union

Data transfer to countries that guarantee European standards

If this is the legal basis, the transfer of Personal Data from the EU to third countries is carried out according to an adequacy decision of the European Commission.

The European Commission adopts adequacy decisions for specific countries whenever it considers that country to possess and provide Personal Data protection standards comparable to those set forth by EU data protection legislation. Users can find an updated list of all adequacy decisions issued on the European Commission's website.

Data transfer abroad based on consent

If this is the legal basis, Personal Data of Users shall be transferred from the EU to third countries only if the User has explicitly consented to such transfer, after having been informed of the possible risks due to the absence of an adequacy decision and appropriate safeguards.

In such cases, the Owner shall inform Users appropriately and collect their explicit consent via this Application.

Transfer of Personal Data outside of the United Kingdom

Data transfers according to a UK adequacy regulation

If this is the legal basis, the transfer of Personal Data from the UK to third countries may take place according to a so called "adequacy regulation" of the UK Government.

The UK Government adopts adequacy regulations for specific countries or territories whenever such countries or territories guarantee Personal Data protection standards comparable to those set forth by UK data protection legislation. Users can find an updated list of all adequacy regulations on the website of the Information Commissioner's Office (ICO).

Data transfer abroad based on consent (UK)

If this is the legal basis, Personal Data of Users shall be transferred from the UK to third countries only if the User has explicitly consented to such transfer, after having been informed of the possible risks due to the absence of an adequacy decision and appropriate safeguards.

In such cases, the Owner shall inform Users appropriately and collect their explicit consent via this Application.

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Owner in Court or in the stages leading to possible legal action arising from improper use of this Application or the related Services.

The User declares to be aware that the Owner may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning particular Services or the collection and processing of Personal Data upon request.

System logs and maintenance

For operation and maintenance purposes, this Application and any third-party services may collect files that record interaction with this Application (System logs) or use other Personal Data (such as the IP Address) for this purpose.

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Owner at any time. Please see the contact information at the beginning of this document.

Changes to this privacy policy

The Owner reserves the right to make changes to this privacy policy at any time by notifying its Users on this page and possibly within this Application and/or - as far as technically and legally feasible - sending a notice to Users via any contact information available to the Owner. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom.

Should the changes affect processing activities performed on the basis of the User's consent, the Owner shall collect new consent from the User, where required.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through this Application (or third-party services employed in this Application), which can include: the IP addresses or domain names of the computers utilized by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by this Application as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy policy relates solely to this Application, if not stated otherwise within this document.
