This document informs Users about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

First-party Trackers

Registration and authentication provided directly by this Application

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. The Personal Data is collected and stored for registration or identification purposes only. The Data collected are only those necessary for the provision of the service requested by the Users.

Direct registration (this Application)

The User registers by filling out the registration form and providing the Personal Data directly to this Application.

Personal Data processed: company name, country, email address, field of activity, first name, house number, last name, phone number, physical address, Trackers, Usage Data, User ID, website and ZIP/Postal code.

Further information about Personal Data

Preference Cookies (this Application)

Preference Cookies store the User preferences detected on this Application in the local domain such as, for example, their timezone and region.

Personal Data processed: Trackers.

Third-party Trackers

Platform services and hosting

These services have the purpose of hosting and running key components of this Application, therefore allowing the provision of this Application from within a unified platform. Such platforms provide a wide range of tools to the Owner – e.g. analytics, user registration, commenting, database management, e-commerce, payment processing – that imply the collection and handling of Personal Data.

Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Squarespace (Squarespace, Inc)

Squarespace is a platform provided by Squarespace, Inc. that allows the Owner to build, run and host this Application. Squarespace is highly customisable and can host websites from simple blogs to complex e-commerce platforms.

Personal Data processed: billing address, device information, email address, first name, geography/region, language, last name, phone number, purchase history, scroll-to-page interactions, shipping address, Trackers, Universally unique identifier (UUID) and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Storage duration:

- crumb: duration of the session
- squarespace-announcement-bar: indefinite
- squarespace-likes: indefinite
- squarespace-popup-overlay: indefinite
- squarespace-video-player-options: indefinite
- ss_cid: 2 years
- ss_cpvisit: 2 years
- ss_cvvisit: 30 minutes
- ss_cvr: 2 years
- ss_cvt: 30 minutes
- ss_sd: duration of the session

SPAM protection

This type of service analyses the traffic of this Application, potentially containing Users' Personal Data, with the purpose of filtering it from parts of traffic, messages and content that are recognised as SPAM.

Google reCAPTCHA (Google Ireland Limited)

Google reCAPTCHA is a SPAM protection service provided by Google Ireland Limited. The use of reCAPTCHA is subject to the Google [privacy policy](#) and [terms of use](#).

Personal Data processed: answers to questions, clicks, keypress events, motion sensor events, mouse movements, scroll position, touch events, Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

Storage duration:

- _GRECAPTCHA: duration of the session
- rc::a: indefinite
- rc::b: duration of the session
- rc::c: duration of the session

Collection of privacy-related preferences

This type of service allows this Application to collect and store Users' preferences related to the collection, use, and processing of their personal information, as requested by the applicable privacy legislation.

iubenda Privacy Controls and Cookie Solution (iubenda srl)

The iubenda Privacy Controls and Cookie Solution allows the Owner to collect and store Users' preferences related to the processing of personal information and in particular to the use of Cookies and other Trackers on this Application.

Personal Data processed: Trackers.

Place of processing: Italy – [Privacy Policy](#).

iubenda Consent Database (iubenda srl)

The iubenda Consent Database allows to store and retrieve records of Users' consent to the processing of Personal Data, and information and preferences expressed in relation to the provided consent.

In order to do so, it makes use of a Tracker that temporarily stores pending information on the User's device until it is processed by the API. The Tracker (a browser feature called localStorage) is at that point deleted.

Personal Data processed: Data communicated while using the service and Trackers.

Place of processing: Italy – [Privacy Policy](#).

Storage duration:

- ConS JS library localStorage (IUB_DATA): indefinite

Handling payments

Unless otherwise specified, this Application processes any payments by credit card, bank transfer or other means via external payment service providers. In general and unless where otherwise stated, Users are requested to provide their payment details and personal information directly to such payment service providers. This Application isn't involved in the collection and processing of such information: instead, it will only receive a notification by the relevant payment service provider as to whether payment has been successfully completed.

Stripe (Stripe Payments Ltd)

Stripe is a payment service provided by Stripe Payments Ltd.

Personal Data processed: billing address, email address, first name, last name, purchase history, Trackers, Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: United Kingdom – [Privacy Policy](#).

Storage duration:

- __Host-LinkSession: 2 years

- __stripe_sid: 30 minutes
- dashboard.banner-dismissals: duration of the session
- link.auth_session_client_secret: duration of the session
- m: 2 years
- pay_sid: 1 year

Tag Management

This type of service helps the Owner to manage the tags or scripts needed on this Application in a centralised fashion. This results in the Users' Data flowing through these services, potentially resulting in the retention of this Data.

Google Tag Manager (Google Ireland Limited)

Google Tag Manager is a tag management service provided by Google Ireland Limited.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

Other activities involving the use of Trackers

Functionality

This Application uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Contacting the User

Mailing list or newsletter (this Application)

By registering on the mailing list or for the newsletter, the User's email address will be added to the contact list of those who may receive email messages containing information of commercial or promotional nature concerning this Application. Your email address might also be added to this list as a result of signing up to this Application or after making a purchase.

Personal Data processed: city, company name, country, county, date of birth, email address, first name, gender, last name, phone number, physical address, profession, state, Trackers, Usage Data, website and ZIP/Postal code.

Handling activities related to productivity

This type of service helps the Owner to manage tasks, collaboration and, in general, activities related to productivity. In using this type of service, Data of Users will be processed and may be retained, depending on the purpose of the activity in question. These services may be integrated with a wide range of third-party services disclosed within this privacy policy to enable the Owner to import or export Data needed for the relative activity.

Gmail

Gmail is a service that manages email communication provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing. Such email communication is not scanned by Google for advertising purposes. In addition, Google does not collect or use data inside this service for advertising purposes in any other way.

Measurement

This Application uses Trackers to measure traffic and analyse User behaviour to improve the Service.

Analytics

The services contained in this section enable the Owner to monitor and analyse web traffic and can be used to keep track of User behaviour.

Google Analytics (Google Ireland Limited)

Google Analytics is a web analysis service provided by Google Ireland Limited (“Google”). Google utilises the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualise and personalise the ads of its own advertising network.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- AMP_TOKEN: 1 hour
- _ga: 2 years

Anonymised analytics services

The services contained in this section allow the Owner, through the use of third-party Trackers, to collect and manage analytics in an anonymised form.

Google Analytics with anonymised IP (Google Ireland Limited)

Google Analytics is a web analysis service provided by Google Ireland Limited (“Google”). Google utilises the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualise and personalise the ads of its own advertising network.

This integration of Google Analytics anonymises your IP address. It works by shortening Users' IP addresses within member states of the European Union or in other contracting states to the Agreement on the European Economic Area. Only in exceptional cases will the complete IP address be sent to a Google server and shortened within the US.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Managing data collection and online surveys

This type of service allows this Application to manage the creation, deployment, administration, distribution and analysis of online forms and surveys in order to collect, save and reuse Data from any responding Users.

The Personal Data collected depend on the information asked and provided by the Users in the corresponding online form.

These services may be integrated with a wide range of third-party services to enable the Owner to take subsequent steps with the Data processed - e.g. managing contacts, sending messages, analytics, advertising and payment processing.

Data provided via online forms, managed directly (this Application)

This Application makes use of online forms that can be used to collect Data about Users.

Personal Data processed: answers to questions, billing address, city, company name, contact info, country, date of birth, email address, first name, gender, language, last name, name, phone number, physical address, profession, profile picture, social media accounts, Trackers, Usage Data, user content and workplace.

Marketing

This Application uses Trackers to deliver personalised marketing content based on User behaviour and to operate, serve and track ads.

Managing contacts and sending messages

This type of service makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.

These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

Constant Contact (Constant Contact, Inc.)

Constant Contact is an email address management and message sending service provided by Constant Contact, Inc.

Personal Data processed: country, email address, first name, last name, phone number, physical address, Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Mailchimp (Intuit Inc.)

Mailchimp is an email address management and message sending service provided by Intuit Inc.

Personal Data processed: company name, country, Data communicated while using the service, date of birth, email address, first name, gender, last name, phone number, physical address, Trackers, Usage Data and various types of Data.

Place of processing: United States – [Privacy Policy](#).

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU and UK), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help this Application to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Since the use of third-party Trackers through this Application cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by this Application.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through this Application (or third-party services employed in this Application), which can include: the IP addresses or domain names of the computers utilised by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilised to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilised by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by this Application as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy statement has been prepared based on provisions of multiple legislations, including Art. 13/14 of Regulation (EU) 2016/679 (General Data Protection Regulation).

This privacy policy relates solely to this Application, if not stated otherwise within this document.
