Cookie Policy of pandarocket.ai

This document informs Users about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.
The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.
In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information — such as the presence of other Trackers — in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Third-party Trackers

Spam and bots protection

This type of service analyzes the traffic of this Application, potentially containing Users' Personal Data, with the purpose of filtering it from unwanted parts of traffic, messages and content that are recognized as spam or protecting it from malicious bots activities.

Cloudflare Bot Management (Cloudflare, Inc.)

Cloudflare Bot Management is a malicious bot protection and management service provided by Cloudflare, Inc.

Other activities involving the use of Trackers

Experience

This Application uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of this Application and interact with them. Such services are often referred to as widgets, which are small elements placed on a website or app. They provide specific information or perform a particular function and often allow for user interaction. This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Font Awesome (Fonticons, Inc.)

Font Awesome is a typeface visualization service provided by Fonticons, Inc. that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Google Fonts (Google Ireland Limited)

Google Fonts is a typeface visualization service provided by Google Ireland Limited that allows this Application to incorporate content of this kind on its pages.

Measurement

This Application uses Trackers to measure traffic and analyse User behaviour to improve the Service.

Analytics

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Google Analytics 4 (Google LLC)

Google Analytics 4 is a web analysis service provided by Google LLC ("Google"). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualize and personalize the ads of its own advertising network. In Google Analytics 4, IP addresses are used at collection time and then discarded before Data is logged in any data center or server. Users can learn more by consulting [Google's official documentation](#).

In order to understand Google's use of Data, consult [Google's partner policy](#).

Marketing

This Application uses Trackers to deliver personalised marketing content based on User behaviour and to operate, serve and track ads.

Advertising

This type of service allows User Data to be utilized for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on this Application, possibly based on User interests. This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below. Some of the services listed below may use Trackers to identify Users or they may use the behavioral retargeting technique, i.e. displaying ads tailored to the User's interests and behavior, including those detected outside this Application. For more information, please check the privacy policies of the relevant services. Services of this kind usually allow Users to opt out of such tracking. Users may learn how to opt out of interest-based advertising more generally by visiting the relevant opt-out section in this document.

Meta ads conversion tracking (Meta pixel) (Meta Platforms, Inc.)

Meta ads conversion tracking (Meta pixel) is an analytics service provided by Meta Platforms, Inc. that connects data from the Meta Audience Network with actions performed on this Application. The Meta pixel tracks conversions that can be attributed to ads on Facebook, Instagram and Meta Audience Network.

Personal Data processed: Trackers and Usage Data.

User database management

This type of service allows the Owner to build user profiles by starting from an email address, a personal name, or other information that the User provides to this Application, as well as to track User activities through analytics features. This Personal Data may also be matched with publicly available information about the User (such as social networks' profiles) and used to build private profiles that the Owner can display and use for improving this Application. Some of these services may also enable the sending of timed messages to the User, such as emails based on specific actions performed on this Application.

ActiveCampaign (ActiveCampaign, Inc.)

ActiveCampaign is a User database management service provided by ActiveCampaign, Inc.

Personal Data processed: email address, Trackers and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

How to manage preferences and provide or withdraw consent on this Application

Whenever the use of Trackers is based on consent, users can provide or withdraw such consent by setting or updating their preferences via the relevant privacy choices panel available on this Application.

With regard to any third-party Trackers, Users can manage their preferences and withdraw their consent (TO BE REMOVED) via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

How to control or delete Cookies and similar technologies via your device settings

Users may use their own browser settings to:

- See what Cookies or other similar technologies have been set on the device;
- Block Cookies or similar technologies;
- Clear Cookies or similar technologies from the browser.

The browser settings, however, do not allow granular control of consent by category.

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- Google Chrome
- Mozilla Firefox
- Apple Safari
- Microsoft Internet Explorer
- Microsoft Edge
- Brave
- Opera

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by YourOnlineChoices (EU and UK), the Network Advertising Initiative (US) and the Digital Advertising Alliance (US), DAAC (Canada), DDAI (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called AppChoices that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help this Application to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.
